

Wickford Art Association's Featured Juried Artist of the Month – March 2017

Dolores Jeffries

Dolores came from the sophistication of Montreal to marry a URI oceanographer living in the woods of West Kingston. She soon developed an interest in sculling and observing nature as it changes with the seasons.

Dolores tries to capture in watercolors and photographs the radiant colors at sunrise and sunset over her home bordering Yawgoo Pond. She loves to travel and has studied Art History in Venice and Greece while a student at McGill University.

Dolores is a member of the Wickford Art Association and the Newport Art Museum, exhibiting at shows frequently. While wintering in Florida, she received an award in an exhibition at The Old School Square Annual Exhibition in Delray Beach.
