Cartoon Crazy Camp**Age range of Children: 10-16**

Monday – Thursday, June 22 – 25, 9:30-11:30.

Create your own cartoons! Getting our inspiration from the masters of cartooning, we will create our own characters. Terry Kole will teach you the art of cartooning, from exaggerating emotions, and different pen techniques to creating your own world for your characters.

Terry started her art career in Detroit as a cartoonist. Her cartoon strip "Clem's Classics" ran in five different Midwestern newspapers. She's been teaching cartooning to different age groups both overseas and in the Plymouth area for over ten years.

Art supplies that the child will need to provide:

Students should bring their own sketch book (8.5" x 11" or larger), HB or B drawing pencil, eraser and their imagination
