**Mixed Media Mashup for Adults**

Material Fee: \$20

Each week we will play with different techniques, ideas and subject matter to inspire us in our mixed media mashups. Layering, texture, and rhythm will be the main design principles we will consider as we play and experiment with a wide variety of paint, paper, found objects and more. This would be a great time to clean out your art and craft supply remnants, closets, drawers and/or hit the thrift stores for some cool old frames, or other interesting items.

**Materials student will need to provide:**

Leftover art and craft supplies such as paper scraps, old painting on paper that you wouldn't mind tearing up, press type letters, costume jewelry (broken is fine), small boxes or box lids, old frames.

Any old magazines

Old black and white photo(s) of family or no one in particular (I suggest using good photocopies)

Paint brushes

**Materials provided by instructor:**

Acrylic paint

Decoupage glue

Canvas, cardboard, paper

Interesting scraps and found objects
