**Oil & Cold Wax with Collage****Class Description:**

This 5-hour class will begin with a demonstration of the Oil & Cold Wax medium. It will give the artist the basic knowledge of this medium and how it works. Artists will learn to prep their paper, mix oil paint with cold wax, basic mark making and textures made with the use of various tools such as stencils, tissue paper, knitting needles, cheese cloth and more. In addition to the above instruction students will learn how to add their favorite collage materials to their paintings. Examples might be a piece of sheet music, previously painted tissue paper, dried flowers, a hand written letter, etc.

**Materials provided by instructor:**

Cold Wax medium, 140lb. watercolor paper, freezer wrap for their palette, wax paper, tissue paper, cheese cloth, embossing tools, powdered pigments, glitter and Citra Solv.

**Students to supply the following materials:**

2 – 12 x 12 gessoed cradled panels

Oil paints (a minimum of one dark and one light and various other vibrant colors).

A palette knife

1” blue painter’s tape

1 Princeton Catalyst Silicone Wedge #6

1 roll of paper towels

1 knitting needle

Stencils, stamps and collage materials of your choice
