Materials student will need to provide:

- Fine line masking fluid pen available from Blick or Amazon
- Watercolor set (an inexpensive tray is fine but a set of tubes with palette is great, too)
- Variety of brushes
- Watercolor block or pad (at least 140 lb, 9 x 12 or larger) or a few sheets with a gator foam board for stapling or some other support, or 300 lb paper which doesn't need mounting, hot or cold press or even rough can work
- Jar or two for water
- Spray bottle
- Sponge or two
- Nest if you have one but I have plenty
